

QUARTETTO

design Ilenia Viscardi
2021

Coffee table that was inspired by the shape of one petal of a four-leaf clover: it can be a stand-alone unit or it can be combined with other identical elements to create a larger, round coffee table consisting of 4 petals.

The structure is burnished metal, the legs are coffee-brown or black stained ash heartwood, the top is glass – bronzed, clear or smoked. The glass top simply rests on the structure that has been carefully designed to be free from exposed screws or construction elements.

LA CULTURA DEL DORMIRE.
