

BORGONUOVO

design Emanuela Garbin, Mario Dell'Orto
2016/2017

This sofa satisfies the demands for relaxation, comfort and beauty; its strong points are the ergonomics, its shape and dimensions. The high backrest – that encourages the correct position of the head and shoulders – is embellished with lower back support cushions in soft down and backrest cushions with a special C-shape and differentiated density expanded padding, ensuring maximum comfort and superior wellness. The same padding material, combined with soft down, has also been used in the seat cushions. Classic style, compact size, removable covers in fabric, leather or Ecopelle Dollaro (also available with frills or folds at the corners) transform Borgonuovo into a sofa that is reassuring, elegant, and perfect for every ambience.
