

GENTLEMAN

LOW HEADBOARD
design Carlo Colombo
2014

Gentleman: the name itself evokes luxury, taste, style and elegance. Available as a double bed with high or low headboard or as a single bed with high headboard. The key feature of the bed is the elegant detachable second padded outer cover for the headboard. Further element of embellishment is the piping on the two front corners of the base and along the perimeter of the second outer cover, in a 'tone-on-tone' or contrasting color. The bed cover is removable, the second outer padded headboard cover is equipped with hooks and can be easily detached. Both covers are available in fabric, leather or ecopelle. Gentleman can be supplied in the following versions: storage base, slatted base with rigidity adjustment, base with electric movements.
