

## SAILOR

design Carlo Colombo  
2004

An elegant double-size bed that evokes the shape of a sailboat, enriched by a surrounding steel tubing. The fixed head-board is covered, like the base, with completely removable fabric, leather or Ecopelle covers, thanks to the practical Velcro strips. The base can be dismantled and it can be completed with a storage unit; the mattress support is slatted or orthopedic.

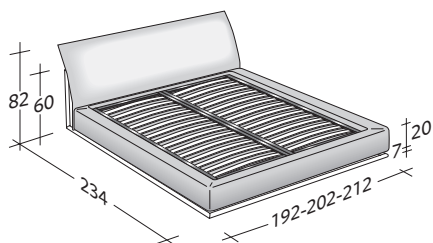

LA CULTURA DEL DORMIRE.
