

TAY SOFAS

design Massimo Castagna
2017

The sofa Tay, responds perfectly to the convivial mood that considers the living room to be hub for meeting and socializing. The sofa arrangement consists of four basic units.

Backrest and seat cushions are available in a range of shapes and sizes to allow for maximum freedom of choice and the production of more flexible and versatile combinations: a straight line, a corner formation, with or without backrests, with or without armrests, with lateral chaise-longue extensions, and much more besides. The frame rests on aluminium feet.

The covers are completely removable and a choice of fabric, leather or Ecopelle Dollaro is available. The exceptional comfort of the seat cushions is guaranteed by the internal core of memory-form, making them even more inviting. The sofa arrangement is completed with comfortable backrest and decorative cushions, with completely removable fabric, leather or Ecopelle covers.

LA CULTURA DEL DORMIRE.
