

OLIVIER SOFAS

design Emanuela Garbin - Mario Dell'Orto
2015

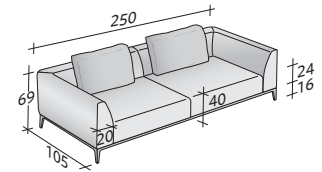

Dies Sofa, das dem traditionellen Sinn des Wortes gerecht wird, ist für moderne Wohnwelten konzipiert, in denen keine strenge Trennung mehr zwischen Schlaf- und Wohnbereich herrscht. Das Ergebnis sind grosse, geräumige und äusserst bequeme Sitzmöbel, die sehr flexibel zusammenstellbar und mit den Beistelltischen aus der gleichen Serie kombinierbar sind. Stahlrohrstruktur, Oberflächenfinish brüniert matt, stützende Fläche mit Geflecht aus elastischen Riemen, Jersey Bezug, Sitzfläche und Rückenlehnen mit abziehbarem Bezug aus Stoff, Leder oder Ecopelle Dollaro. Grosse Kissen zum Abstützen, nicht nur mit dem charakteristischen Flechtlederbezug sondern auch mit Stoffen aus der Flou Kollektion angefertigt, und unterschiedlich grosse Deko-Kissen vervollständigen das Ganze.
