

JAIPUR

design Carlo Colombo
2020

The double-size bed Jaipur is immediately identifiable by its headboard: a modern boiserie with its pattern of macro wooden weaves and a thin aluminium profile, textile-like, with the warp and weft extended to infinity to exalt and reinterpret the tailoring skills of the Flou textile tradition. The wood is heat-treated in the finishes coffee oak and black painted oak while the profile is in aluminium, matt burnished color. The padded and upholstered sommier with its fabric, Ecopelle or leather covers has a sharp minimal shape, and this balances perfectly with the headboard to create a wonderfully harmonious ensemble. Jaipur is available with boxspring base Leonardo, base H25 with fixed slats with rigidity adjustment, storage base, base with electric movements Motion 4.
