SOFA

design Emanuela Garbin - Mario Dell'Orto
2015

Das Sofa, das dem traditionellen Sinn des Wortes gerecht wird, ist für moderne Wohnwelten konzipiert, in denen keine strenge Trennung mehr zwischen Schlaf- und Wohnbereich herrscht.

Das Ergebnis sind grosse, geräumige und äusserst bequeme Sitzmöbel, die sehr flexibel zusammenstellbar sind.

Stahlrohrstruktur, Oberflächenausführung brüniert matt, stützende Fläche mit Geflecht aus elastischen Riemen, Jersey Bezug.

Sitzfläche und Rückenlehnen mit abziehbarem Bezug aus Stoff oder Leder. Grosse Kissen zum Abstützen, nicht nur mit Stoffen aus der Flou Kollektion, sondern auch mit dem charakteristischen Flechtlederbezug angefertigt, und unterschiedlich grosse Deko-Kissen vervollständigen das Ganze.
