

MADAME BUTTERFLY

ARMCHAIR
design The Touch Studio
2023

An armchair with a rounded, delicate and comfortable shape that seamlessly includes the seat, the arms and the back to accommodate your body and make you feel safe.

Softness is emphasised by an anodic bronze finished tubular pipe enclosing and delimiting the outer part of the back and the arms; a marked detail of great elegance, harmony and decorative effect. Fully removable fabric or leather upholstery.

The armchair is also available in a 360° swivel version.

Madame Butterfly is also available as a two-seat sofa and three-seat sofa.
