

PIERRE

SOFA
OUTDOOR
design Studio Contromano
2023

Irregularly shaped upholstered sofas with a curved, comfortable and soft back, upholstered and covered, like the seats, in fully removable fabric or leather.

In combination with the coffee tables and poufs of the collection of the same name, they create unusual, playful and easily and playful configurable compositions.

They are made by using materials suitable for covered outdoor use: water-repellent canvas, properly treated metal parts and a devoted upholstery fabric collection.

A waterproof and breathable polyester cover allows to preserve them when not in use and protect them from the weather and the effects of sunlight.
