

FIOCCO

SOFÁ

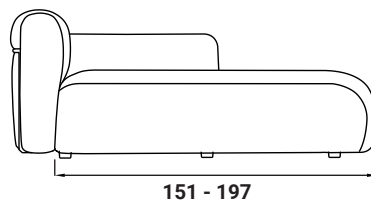

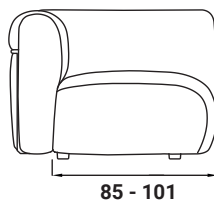

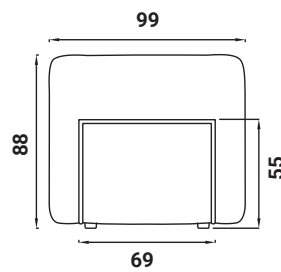

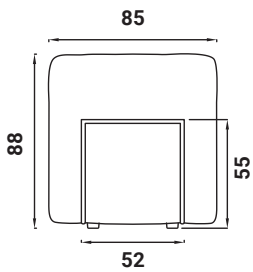

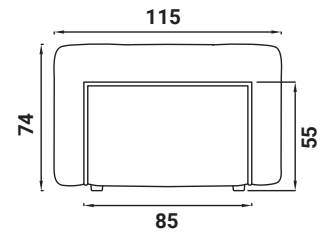

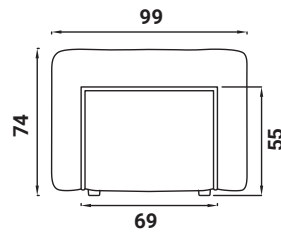

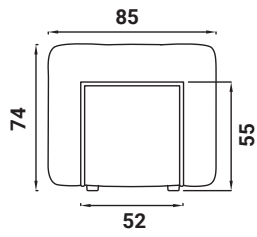

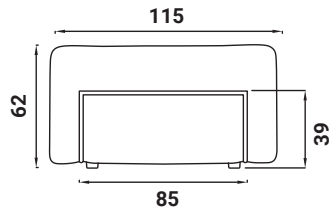

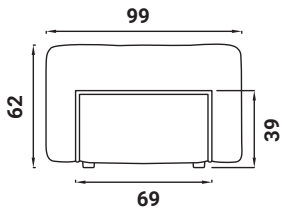

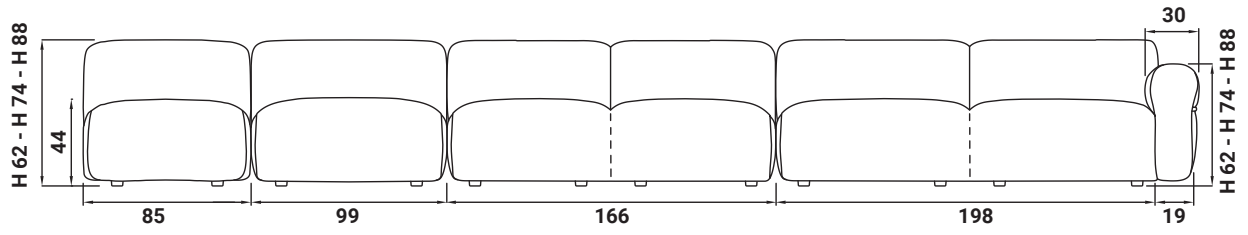

design Pinuccio Borghonovo

2022

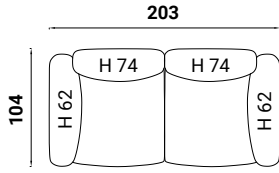

Fiocco es un sofá modular de potencial infinito, con elementos fácilmente combinables. Además de los tradicionales asientos y chaise-longue, los elementos de Fiocco se ofrecen en formas irregulares o extragrandes que dan la posibilidad de crear configuraciones suavemente curvadas y articuladas o grandes islas de relax. Los generosos cojines que sirven de respaldo o reposabrazos pueden elegirse en distintas alturas y se fijan a las bases mediante soportes metálicos curvados en forma de U: un recurso funcional y estético que los contiene, subrayando su suavidad y gran sensación de confort.

Las mesas metálicas de la serie Foglio pueden insertarse entre los asientos para crear puntos de apoyo funcionales.

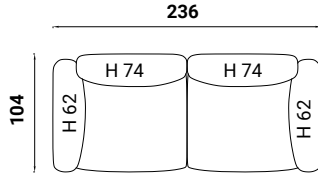

Las fundas, de tela o piel, son totalmente desenfundables.
