CANAPÉ

design Massimo Castagna
2018/2019

Ce canapé modulable, qui introduit un concept d'utilisation dynamique et multifonctionnelle, est l'idéal pour accueillir de nouveaux styles de vie.

Il se compose d'éléments de base (4 assises, 1 accoudoir, 6 dossier) qui, combinés librement, permettent de multiples positions d'assise et des personnalisations infinies.

Les dossier mobiles, non ancrés, mais efficacement lestés pour assurer un appui solide, peuvent être disposés au gré de chacun et accueillent avec le même confort toutes les statures.

La profondeur des éléments permet de s'assoir des deux côtés, mais aussi une utilisation comme chaise longue ou comme lit confortable.

Sa valeur esthétique est renforcée par la combinaison de revêtements dans des couleurs et des fantaisies différentes pour les bases, les accoudoirs et les coussins.

La housse de la base est disponible en deux versions: avec un matelasage rectangulaire large ou serré.
