

BAIA
DOUBLE
design Emanuela Garbin
2023

Baia is an apparently simple double bed, but with a studied and sophisticated design. The bed frame, completed by an adjustable slatted bed base, is soft and upholstered, high off the ground, supported by metal thin feet that give it a light and contemporary look. The exposed seams and the gentle, barely noticeable curvature make the headboard harmonious and cosy. A stylistic essentiality whose details show great tailoring skill, which has always been the strength of all the Flou collection textile beds. Fully removable fabric or leather upholstery.
