

KOI
DOUBLE
design Carlo Colombo
2019

A double-size bed with clean, sharp lines; it immediately suggests the idea of discreetly charming, and not ostentatious, luxury. The original and architectonic shape of the headboard, framed by the eye-catching metal structure that continues downwards to form the feet, is softened by the fabric that has been skilfully stitched with vertical quilting. This decorative addition appears to elongate the bed and contributes to the creation of a design that is welcoming and sophisticated.

Available in the double-size version; it can be supplied with a slatted base, a storage base, a slatted base with electric movements, and the Leonardo base. The covers in fabric or leather are completely removable. Decorative details of the headboard are available in polished black nickel or matt burnished.
