

GAUDÍ

SOFA
design Matteo Nunziati
2021

The sofa is available in two measurements, a larger one and a more compact version in terms of length and depth, ideal for receptions and hospitality facilities. The absolute protagonist is heartwood (in natural, coffee-stained and black-stained ash or natural, coffee-stained and grey-stained iroko finishes) that, thanks to its natural curves, defines the shape of the project. Starting with the feet, wood continues to the armrests and the backrest, creating a sinuous structure to support the soft upholstery and cushions. The completely removable cover is available in fabric or leather.

The Gaudí sofas are also available in a special version that is ideal for sheltered outdoor spaces (with frame in Iroko wood and compatible covers for this specific use).
