

ATOLLO

TAVOLI - TAVOLINI - TABLES - SMALL TABLES

design Ilenia Viscardi 2024

Atollo è una collezione di tavoli con una struttura a bacchette sagomate di metallo che salgono ad abbracciare e sostenere un piano di appoggio rotondo in metallo o marmo. Un oggetto dalle svariate funzionalità, con un contenitore cilindrico ricavato al centro del piano utilizzabile come vassoio, per custodire gli oggetti personali o per contenere piante verdi e che, grazie a una sorgente luminosa amovibile e ricaricabile, si trasforma immediatamente in una lampada dagli effetti luminosi sorprendenti, morbidi e suggestivi.

Atollo è realizzato anche con materiali e finiture appositamente studiati per consentire il suo utilizzo in outdoor.

Atollo is a collection of tables with a structure of shaped metal rods that rise to embrace and support a round metal or marble tabletop. An object with a variety of functionalities, with a cylindrical container in the centre of the top that can be used as a tray, to store personal items or to contain green plants and that, thanks to a removable and rechargeable light source, is immediately transformed into a lamp with surprising, soft and suggestive lighting effects.

Atollo is also made with materials and finishes specially designed to allow it to be used outdoors.
