

GAUDÍ

ARMCHAIR
OUTDOOR
design Matteo Nunziati
2021

Armchair and a corner armchair with a single armrest: versatile seating units to create elegant conversation and relaxation areas or that can sit alongside the sofas of the collection. The absolute protagonist is iroko heartwood (with a natural or coffee-brown finish) that ensures excellent performance when used outdoors and, thanks to its natural curves, it defines the shape of the project. Starting with the feet, wood continues to the armrests, creating a sinuous structure to support the soft upholstery and cushions. The totally removable cover is available in a wide range of fabrics and colours that were specifically designed for outdoor use.

A cover in waterproof and breathable polyester fabric allows the armchairs to be kept in good conditions when not in use and it protects them from atmospheric agents and from the effects of sunlight.
