

PIERRE

ARMCHAIR SHELL
OUTDOOR

design Studio Contromano
2021

Armchairs with a soft padded seat with irregular shape, available in three dimensions. The curved metal backrest is available in the following finishes: anodic bronze, matt burnished, white, black, greige, oxide, silver oxide, desert rock, while the seat and cushion covers are totally removable and available in a wide range of fabrics and colours that were specifically designed for outdoor use.

The option of freely combining the seat cover, the backrest cover and the metal finish makes the Pierre armchairs lively, young and full of personality.

A cover in waterproof and breathable polyester fabric allows the armchairs to be kept in good conditions when not in use and it protects them from atmospheric agents and from the effects of sunlight.
